Old Senior High To Be Junior High

On July 9, 1935, a special meeting of the Board of Education of District #4 Reynolds Township was called for the purpose of estimating the cost of erecting a new school building to replace the structure that had been built in the early 1880's. The Board consisted of: Mr. Edmond Norton, President, Mr. Bert E. Meier, Secretary, and Mr. Russell Granis, Treasurer. Mrs. Ada Prout and Mr. Ralph S. Jennings were the trustees.

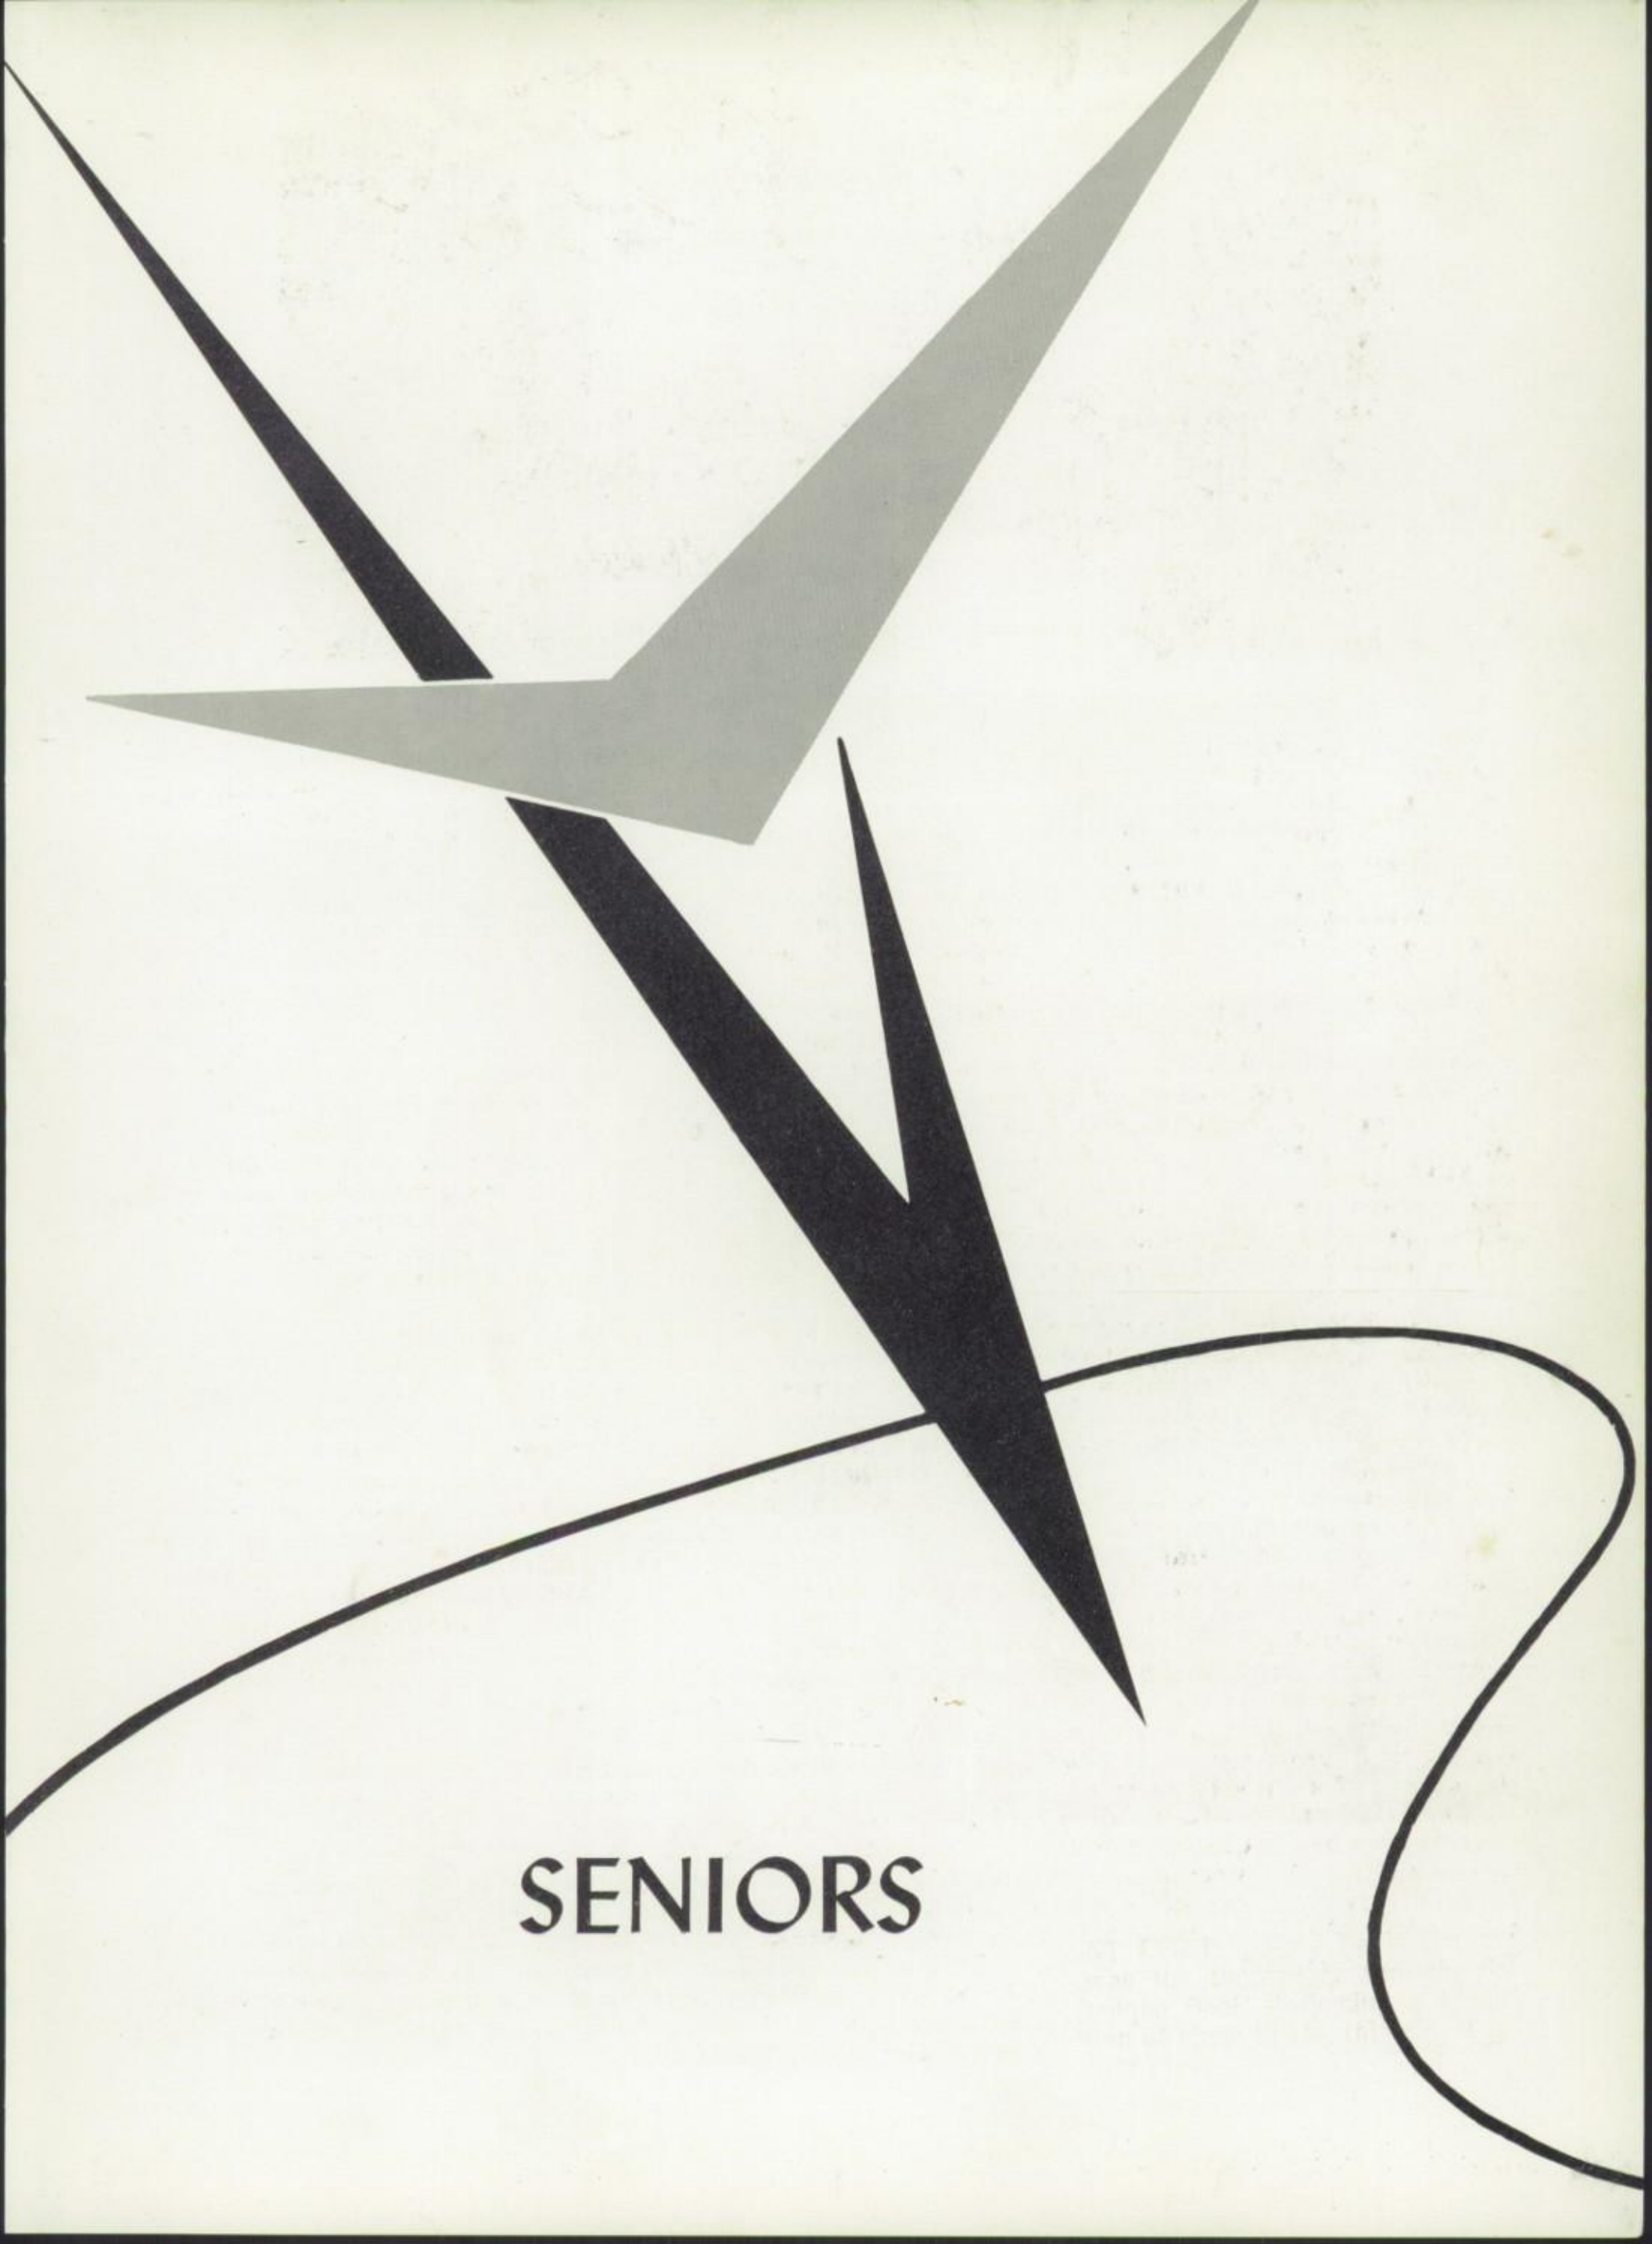

It was estimated that the cost of a new building would be about \$120,000 and that it would be necessary to submit to the people the proposition of issuing bonds of the district to raise the money. At this time it was found that the Federal Government, under the Public Works Administration, would contribute a substantial portion of the funds necessary for such work. On August 2, 1935, a special meeting of the district electors was called and it voted to bond the district for \$20,000. The electors passed the proposition by a vote of 138 to 18. On June 2, 1936, the Board found that it would be necessary to issue only \$17,000 of the bonds to cover the commitment for the building and that the Federal Government would contribute the balance to build and furnish the new building. The Board secured the services of Mr. Pierre Lindhout of Grand Rapids as architect and the plans were approved in the fall of 1936 and work was started on the first unit of the building. The work progressed through the winter with several interruptions due to the uncertainty of the P.W.A. program, but by diligence on the part of the Board of Education, the main portion of the building was completed except for the interior finish, by the time school was dismissed for the summer vacation.

The old building had remained intact all through the new construction. The front of the old building was located just back of what is now the south wall of the east-west corridors. As soon as school was out, workmen began the razing of the old structure that had served the community for so many years. It was a rather homely gray structure of frame construction with rather crudely constructed facilities that still furnish material for conversation among those who were familiar with them. By the time that school started in the fall, a building with an "L" shape was completed. It consisted of the classrooms and offices on the north side of the present building and what is now the music room on the first floor and the math room on the second floor plus the west rear stairway and the restrooms. There were openings where the doors to the library were to be and spaces for the east stairway and east corridors. After school started it was a common occurrence to have workmen installing woodwork and heating equipment while classes were in session in the same rooms. Both students and teachers were appreciative of the conditions and there was no actual confusion. Early in the fall the Federal Government appropriated funds to complete the second unit and work was started on what now contains the shop, typing room (which was then the agriculture laboratory), restrooms and the southeast classroom. On the second floor the library and homemaking departments were contained in this unit.

The third unit of the building was never constructed. It would have provided for more classrooms and a heating plant also a corridor extending from the main corridor on the first floor to the Gymnasium. When the building was first occupied it housed the entire student body from the kindergarten through the twelfth grade. This was possible until about 1955 when one grade had to be removed to the American Legion building to make room for an expanding high school. This practice was necessary until the MacNaughton Elementary building was completed. Several minor changes have been made in the arrangement of rooms since it has been totally occupied by the high school, but, because of the type of construction, no major changes have been possible.

times we've had and I hope  
we have many more. I hope  
I have as much fun in

 Dear Chris  
 Don't worry I'll  
 never forget all the  
 good times that you,  
 Jan, Jerry, and I have  
 had and Donna & Jon (since 8th grade)  
 Or all our parties, the time I didn't  
 speak to you for a month (poor kid) the  
 "APRICOTS", Disneyland (alien Ponderosa, witch tree etc)  
 mom's artificial rose, our annamouse letters, the  
 Cedar Springs phone booth, Wesley Woods, Lake Louise  
 Mrs. Peck, - C.Y.Z. winning the float contest our 1st  
 grade graduation, our games of ditch em on our bikes,  
 our good times with Sal & Rog, the time Mrs. Pills  
 chased us guys with a broom, Mrs. Fitzhugh  
 class, Drivers training when I ran into the  
 park (twice) and almost hit a tree, the fun  
 we've had at my cottage, the time you ate breakfast  
 rides home from my backyard camp, or the  
 games, the time my foot got stuck in my  
 chair at the way, those great badminton  
 to the show, the time we went  
 tie, got lost with Val - had a flat  
 our peanut butter home at "15"  
 and all the times we've had  
 some not so good  
 like Cheryl Kay  
 because...

THE WORST IS  
YET TO COME!  
(How can I never  
forget the "jail" sign  
when I don't remember  
it)
